This has been a great addition to our morning routine. My students are able to participate in a meaningful, hands-on way that does not require verbal skills, but also encourages independence! Thanks!

One of the first resources I purchased when I switched to my sub separate classroom this year, and LOVE using it daily. Allows me to review schedules, share stories, and engage in meaningful social emotional skills each morning with my students. So glad I got this!

Students were engaged

Grades I used it with

2nd, 3rd, 4th, 5th grades
Primarily students with mild to severe disabilities, and on the autism spectrum
